

DEPARTMENT OF MENTAL HEALTH

1600 - 9TH STREET
SACRAMENTO, CA 95814
(916) 654-2378

January 31, 1995

DMH LETTER NO.: 95-01

**TO: LOCAL MENTAL HEALTH DIRECTORS
LOCAL MENTAL HEALTH PROGRAM CHIEFS
LOCAL MENTAL HEALTH ADMINISTRATORS
LOCAL MENTAL HEALTH DATA PROCESSING MANAGERS**

SUBJECT: SHORT-DOYLE / MEDI-CAL CLAIMING CHANGES

The Department of Mental Health (DMH), Department of Health Services (DHS), Health Care Financing Administration (HCFA), and California Mental Health Director's Association (CMHDA) have agreed that, effective February 1, 1995, the practice of claiming simultaneously through Medicare, other coverage and Short-Doyle/Medi-Cal (SD/MC) for eligible beneficiaries (crossover clients) will be prohibited. The effective date of February 1, 1995 pertains to all SD/MC claims received at DMH on behalf of crossover clients starting February 1, 1995 regardless of the month when the services were provided. Case management services are not subject to the Medicare and other coverage crossover edits.

Claims to SD/MC for services provided to Medicare beneficiaries and paid in part by Medicare should be claimed after Medicare and other coverage reimbursement or denial documentation has been received. SD/MC claims should be made on a balance basis by SD/MC service function code; that is, gross charge less the Medicare and other coverage revenues received on a client specific basis. As indicated in DMH Letter No. 94-24, a Medicare/Medi-Cal worksheet or data must be retained by the county to document the SD/MC claim amount. Submission of the Medicare/Medi-Cal worksheet or data with the SD/MC claim will not be required. The Total Service Charge and Medicare Plus Other Health Coverage Amount Paid fields are optional but their reporting on the magnetic media claim transactions will facilitate evaluating service delivery and answering HCFA audit questions.

HCFA will require the application of the statewide maximum allowance (SMA) to all crossover claims except those where the claim correctly indicates that the beneficiary has Medicare coverage, Crossover Indicator value "X". Only valid SD/MC crossover claims with a Crossover Indicator value "X" will not be edited for SMA limits.

When submitting paper claims, the SD/MC Eligibility Worksheet (MH1980) will be coded to indicate if the claims are crossover. The code indicated on each MH1980 will apply to all claim lines on that document. The MH1980 will be coded "CROSSOVER INDICATOR___" (This must be typed or handwritten by the county at the top of each MH1980). Enter above the dash values as follows: "X" for Medicare coverage; "N" for Medicare coverage but either Medicare denied the claim or the claim is for services that Medicare does not cover; or "P" for other health coverage. These same codes will be used in position 119 of the magnetic media submissions. A variety of crossover claim

codes can be submitted within one batch. If there is no Medicare and/or other health coverage, do not add the "CROSSOVER INDICATOR___" header to the MH1980. DMH will not reprint the claim form to include the crossover indicator header.

The enclosed Crossover Billing Action Plan details the SD/MC data submission changes, Explanation of Balance (EOB) changes, Error Correction Report (ECR) changes, Edit Logic Tables used at DHS, SD/MC claim submittal file record layouts, SD/MC EOB file record layouts, and the Error Codes and Third Party Liability Indicator Crosswalk values that will be used in the EOB files.

If you have any questions regarding this matter, please call Ken McKinstry at (916) 654-2466 or Stan Johnson at (916) 654-3060.

CROSSOVER BILLING ACTION PLAN

originally presented to CMHDA Fiscal on November 30, 1994
revised January 20, 1995

PROBLEM: The Short-Doyle / Medi-Cal system (SD/MC) must be changed by January 1, 1995, to recognize claims related to crossover billing and apply the Schedule of Maximum Allowance (SMA) as required.

ACTION PLAN: Modify the state and county systems to flag medi-medi (Medicare - Medi-Cal) and other coverage claims received at the State DMH as of February 1, 1995, as crossover claims.

I. DATA SUBMISSION CHANGES:

A. What to submit using this method:

1. This method applies to crossover claims for people who are eligible for Medicare-Medi-Cal or other coverage that are sent to the state as of February 1, 1995. Only case management is excluded from the Medicare coverage edits presented.
2. If a person has Medicare and other coverage, indicate Medicare coverage on the claim transaction.
3. To resolve eligibility questions, county mental health needs to work with the county's health services and social services.
4. Share of cost will not be resolved in this change. It will be resolved in the long term with a vendor handling the claims processing.

B. Claim submission:

1. Magnetic media claim submission information:

- a. Magnetic media claims sent to the State as of February 1, 1995, will include fields for:

<u>Claim record position</u>	<u>Field name</u>	<u>Attributes</u>
119	Crossover flag	X(01)
120-127	Total Service Charge (optional)	9(6)V99
128-135	Medicare Plus Other Health Coverage Amount Paid (optional)	9(6)V99

The Total Service Charge and Medicare Plus Other Health Coverage Amount Paid fields are **optional** but their reporting on the claim transactions will facilitate evaluating service delivery and answering HCFA audit questions.

There is no room on the EOB File to send the Total Service Charge and the Medicare Plus Other Health Coverage Amount Paid data back to the counties.

A sample claim input record layout is attached.

- b. Resubmitted and suspended claims with a receipt date prior to February 1, 1995, will be processed without consideration to crossover claiming logic.
- c. Manual processes will be implemented in the counties to establish an amount to bill until automation can be implemented to document the billing amount.
- d. The logic for crossover claiming will be:

See attachment Short-Doyle/Medi-Cal Mental Health Services Edit Logic Table

2. Paper claim submission information:

- a. For submitting paper claims, the SD/MC Eligibility Worksheet (MH1980) will be coded to indicate if the claims are crossover or non-crossover. The code indicated will apply to all claim lines on that document. A sample MH1980 is attached.
- b. There is no room on the paper claim format to enter the Total Charge and Medicare Paid Amount data but counties must maintain documentation locally for audits.
- c. All other logic for claiming applies to paper claim submission.

II. EXPLANATION OF BALANCE (EOB) CHANGES:

The following fields will be added to the EOB files sent to the counties and to the Error Correction Reports:

<u>EOB Positions</u>	<u>Field</u>	<u>attributes</u>
188-189	Crossover Indicator error indicator See attachment for error code values.	X(02)
230	Crossover Indicator as submitted blank - no Medicare and other health coverage X - Medicare coverage N - Medicare coverage, however either Medicare denied the claim or the claim is for services that Medicare does not cover P - Other health coverage	X(01)
231	Third Party Liability (TPL) Indicator See attachment for TPL indicator values.	X(01)
232-243	Health Insurance Claim (HIC) Number	X(12)

An Explanation of Balances record layout is attached.

III. ERROR CORRECTION REPORT (ECR) CHANGES:

- A. Error Correction Reports will be modified to reflect errors in Medicare and other coverage eligibility coding. New error codes will be established to reflect Medicare or other coverage eligibility coding problems.
- B. The error correction process and instructions will remain the same. There will be new error codes on the EOB tape to help counties to correct the data. Counties can make corrections to the crossover code field on the ECR for errors in coding.
- C. The Date of Service, Recipient Identifier, Total Billed Amount and Crossover Indicator data fields will be able to be changed to correct crossover errors.
- D. The Third Party Liability (TPL, Type of Coverage) and HIC Number will be printed on the ECR to help resolve errors. Counties will not be able to change these fields.
- E. ECR messages will be tailored to the type of error.
 - 03 - Invalid Code (code not a blank, "X", "P" or "N")
 - 10 - Conflicts with eligibility file
 - 31 - Medicare coverage part __, HIC # _____
 - 32 - Other coverage ind _

See attached MSD Error codes:

SHORT DOYLE MEDI-CAL MENTAL HEALTH SERVICES EDIT LOGIC TABLE
FOR CROSSOVER BILLING EFFECTIVE FEBRUARY 1995

PAGE 1 OF 1
Date: 1/1995

COUNTY		STATE SYSTEM				
Recipient's Eligibility	Tape Xover Indicator	Recipient's MEDS Elig.	Action	Subject to SMA	EOB Xover Error Code	Error Correction Report Message
No Medicare	blank	No Medicare	Approve	Yes	--	---
No Medicare	blank	Medicare	Suspend	---	31	Medicare Part_, HIC#
Medicare	X	Medicare	Approve	No	--	---
Medicare	X	No Medicare	Approve	Yes	10	Conflicts with Elig.
Medicare	N	Medicare	Approve	Yes	--	---
Medicare	N	No Medicare	Approve	Yes	10	Conflicts with Elig.
No Other Cov	blank	No Other Cov	Approve	Yes	--	---
No Other Cov	blank	Other Cov.	Suspend	---	32	Other Coverage _
Other Cov	P	No Other Cov	Approve	Yes	10	Conflicts with Elig.
Other Cov	P	Other Cov.	Approve	Yes	--	---
Other Cov	P	Medicare	Suspend	---	31	Medicare Part_, HIC#
---	None Above	---	Suspend	---	03	Invalid Code

- NOTES:
- Error code "10" is a noncritical error. This error does NOT cause the claim to suspend. The error message for error code "10" will only appear on the Error Correction Report when a critical error occurs that causes the claim to suspend.
 - If a recipient has both Medicare and Other Health Coverage, the county must bill the claim as Medicare. System edits for other health coverage will NOT be performed if the recipient has Medicare coverage.
 - The State will deem the recipient covered by Medicare if on date of service:
 - The claim service is Mode 07, 08, or 09 (inpatient) and MEDS Medicare status is either Part A only, or combination Part A and B.
 - The claim service is NOT Mode 07, 08, or 09 (inpatient) and MEDS Medicare status is either Part B only, or combination Part A and B.
 - See "Medi-Cal Card Medicare Coding" Table for Medicare Part A/B determination.
 - The State will deem the recipient covered by Other Health Coverage if:
 - The claim service is Mode 07, 08, or 09 (inpatient) and MEDS Other Health Coverage indicator is NOT "A", "M", "X", "Y", "Z", "N" or blank, and HIS displays Inpatient coverage during the date of service.
 - The claim service is NOT Mode 07, 08, or 09 (inpatient) and MEDS Other Health Coverage indicator is NOT "A", "M", "X", "Y", "Z", "N" or blank, and HIS displays Outpatient or Medical coverage during the date of service.
 - Case Management services are not subject to Medicare and Other Health Coverage edits.

Abbreviations:

EOB=Explanation of Balances MEDS=Medi-Cal Eligibility Determination System
HIS=Health Insurance System SMA=State Maximum Allowable XOVER=Crossover

Short Doyle Medi-Cal
Edits for Sequential Billing

The State Department of Health Services Data Systems Branch will use the following edits for processing Short-Doyle Medi-Cal claims.

<i>Data Contained In Medi-Cal Tape Position 119</i>	<i>Data Contained In Meds File</i>	<i>Processing Logic</i>
Crossover Patients		
1. Blank	No Medicare coverage	Process subject to SMA
2. Blank	Medicare coverage	Reject claim
3. "X"	Medicare coverage	Process not subject to SMA
4. "X"	No Medicare coverage	Process subject to SMA*
5. "N"	Medicare coverage	Process subject to SMA
6. "N"	No Medicare coverage	Process subject to SMA*
Medi-Cal Patient with Other Coverage		
7. Blank	No other coverage	Process subject to SMA
8. Blank	Other coverage	Reject claim
9. "P"	No other coverage	Process subject to SMA*
10. "P"	Other coverage	Process subject to SMA
11. "P"	Medicare coverage	Reject claim

* The system will need to report that these claims were processed as Medi-Cal without Medicare coverage and other coverage. They will be reported with an error code.

X= Patient is a Crossover (Medi-Medi). Patients with Medicare, Medi-Cal and other coverage are considered to be Crossovers.

N= Patient is a Crossover (Medi-Medi) but the service is not covered by Medicare.

Claim is processed as straight Medi-Cal

P= Patient has other coverage.
