

Vendor Summary of CA Department of Mental Health BH-EHR Functional Requirements Survey

Infrastructure - 96 Requirements <small>Includes hardware and software with basic level of security and systems ready to deploy software. Interoperable EHRs require a structure for sharing information—a secure network.</small>	No. of Requirements Met	Existing	Planned	Modification	Custom	3rd Party Vendor	Not Addressed
+Vendor A							
+Vendor B							
Practice Management – 162 Requirements <small>Includes registration, eligibility, accounts receivable, accounts payable, billing, documentation, and reporting these requirements. Addresses the complex financial and administrative needs of physician practices. These requirements will help County Mental Health Departments formulate the criteria needed to provide critical support for practice management functions to increase productivity, improve financial performance, financial management and compliance programs, and determine legal implications of business arrangements.</small>							
+Vendor A							
+Vendor B							
Clinical Data – 98 Requirements <small>Includes clinical documentation such as assessment, treatment notes, and other clinical measures (such as data elements and corresponding definitions) that can be used in the measurement of patient clinical management and outcomes, and for research and assessment. Clinical documentation elements also help facilitate communication across provider types to enhance communication and improve coordination of care.</small>
