IMPORTANT VISITOR NOTIFICATION

This is a courtesy notification to families, friends, and any visitors who may be planning a come to Napa State Hospital.

Napa State Hospital has implemented a precautionary screening for all visitors to the hospital. This screening is due to the current Influenza A/H1N1 flu, and an effort to provide proactive precautionary efforts to minimize the potential risk of spreading this flu. Therefore, if you are planning a visit, you should be prepared to be screened by Hospital Police staff at the Sallyport for visitors to the Secured Treatment Area or by Nursing staff for visitors to Program 4. If you have any of the following conditions, we encourage you to seek medical attention if necessary, and to postpone any visitation plans until you are well.

Fever

Active cough

Shaking chills

Sore throat

Unusual or severe headache or neck pain

Loose or frequent stools (diarrhea)

Vomiting

Please visit this website for any future updates regarding visitor screening and/or visitor limitations.
