CMHC=Comm. Mental Health Center, CSM=Creative Socio-Medics,

ECHO=ECHO Mgmt. Group, ENKI=ENKI, IRIS=Integrated Records Information System, KV=KingsView, NV=No Vendor, UNI/CARE=UNI/CAR E

EXPLANATION OF TERMS

CSI - Client and Services Information System is the reporting system that counties will use to report data on mental health clients and services in California. Data will include demographic, diagnostic, and limited outcome information.

County (#) - California county name and the sequential number assigned to each county.

Test Analyst - DMH Statistics and Data Analysis staff analyst currently providing CSI support to the county.

Vendor - Software vendor contracted by the county to provide software support for CSI reporting.

Date of Most Recent Test File - The date DMH received the most recent CSI test file from the county or county's vendor.

CSI Production Release - The date DMH approved county to submit CSI production data.

Most Recent Production File - The month of the most recent CSI Production file submitted by the county.

t/s - ECHO Timeshare Counties (A group of small California counties that employ ECHO to report CSI to DMH).

CSI Analyst Contact information:
